Product introduction

Product name	Displaying veins apparatus
Model	Y series
Item No.	H-15
Item specification	190*24*35 mm
battery	lithium battery
charger	DC 8.4/1000ma
standard configuration	host 1 pcs user manual 1 pcs charger 1 pcs

Four cores four lamps

Really enhanced, super penetrating power.

Improve doctors, nurses venous puncture efficiency .

Ordinary three core
 ≤ 3600 lux

Poerfei four cores
 ≥ 4800 lux

When injecting , not afraid of thin veins , just afraid that can not find veins

According to statistics, the failure rate of the first venous puncture of adults was 28%, and the pediatric rate was 44%. The main reason is that it's not easy to inject the right vein, and it can help you solve the problem.

Image enhancement increases the venous recognition of more than **90%**.

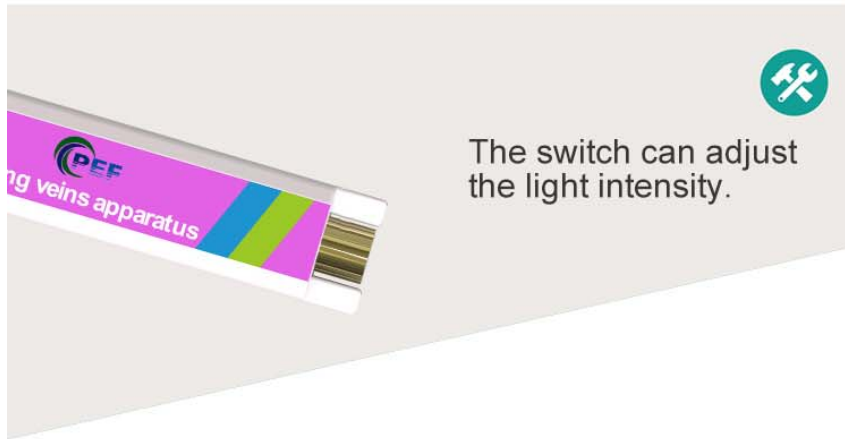

Small size

Adopt green plastic which is durable, weight is less than 200g, easy to carry, convenient to use at any occasion.
